

I. Materials List for Wax Carving and Casting Class.

Suggested that Students will need the following:

- Sketch/note Book
- Cotton Apron of your choice
- Sharpie marker

Your lab fee will provide the following:

- Jewelers Carving Wax
- Use of Studio wax carving tools
- Steel casting flasks and rubber bases
- Investment medium sufficient for two casts
- One ounce of sterling silver casting shot
- Use of Studio casting kilns and casting machine
- Use of Studio files and polishing equipment to finish the casted piece of jewelry

To cast more than the two allotted flasks the charge for using investment and casting equipment is \$10.00 per cast. Additional silver is available at current market price.
