

Instructor: Gerson Rapoport

Stone Carving: Independent Study

Materials list: Each sculptor will provide their own stone for working in any form they choose. Sculptors should bring their own hand tools, files and sandpaper, as needed. The Armory will provide pneumatic and power equipment.

Course outline

This class is for stone work that will be started and worked on for an extended period of time. This class is for advanced stone carvers who wish to work independently in a studio environment with other advanced carvers. The instructor will be available to help with specific issues but this class is designed for the free thinkers who want to work on their personal projects. Individualized help will be available if a particular problem arises.
