Optional quarterly payment schedule available for qualifying students.

Quarterly Payments: \$250

PROGRAM SUMMARY

The Jewelry Technician and Repair Program is designed to teach students the skills necessary for basic jewelry repair. Students will become proficient in:

- identifying precious metals
- removing tarnish
- cleaning and polishing
- soldering techniques
- sizing rings
- repairing chains and clasps
- removing and replacing stones
- replacing watch batteries

This comprehensive class will prepare students to qualify and pass the industry standard "bench tests" required by employers.

Students will be introduced to various work opportunities available through industry tours, guest lecturers and possible internships.

A WORLD CLASS PROGRAM

- Highly skilled teachers in cutting edge technology workshops
- 70% more hours at half the cost of local competitors
- Affordable tuition and optional quarterly payment schedule
- Industry partnerships to connect you with important contacts in the jewelry business
- Scholarships available to highly qualified applicants
